

XRSPACE MANOVA
App Developer Console
Manual
v. 1.0.0

1. Registration

1.1 Sign up

Click on “Sign In” on the upper-right corner of the page.

Create your account and then click on “Sign Up”, a verification email will be sent to your mailbox.

A screenshot of the XRSPACE 'Create Account' form. The form is titled 'XRSPACE Create Account'. It includes fields for 'Account' (name@example.com), 'Create Password' (with a password strength indicator), 'Confirm Password' (with a password strength indicator), 'Nickname' (with a red error icon), 'Username' (with a red error icon), and 'Date of Birth' (with a calendar icon). There is a checkbox for 'I'm interested in receiving promotional emails about XRSPACE products and offers.' and a red 'Sign Up' button. At the bottom, there is a link for 'Have an account? Sign In'.

1.2 Email Verification

Click on the attached link in the verification mail to verify your account. Then get started with account settings.

1.3 Account Settings

Fill out the form. Every field with a red asterisk(*) is required for the registration to be valid.

Press **Save Information** when finishing account information settings.

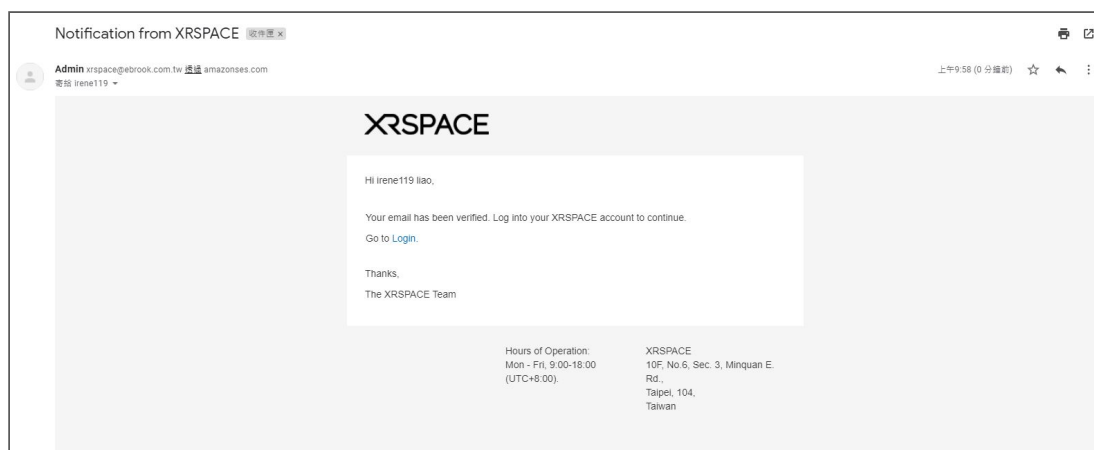

The screenshot shows the XRSPACE Settings page. The form is organized into four main sections:

- Organization Info:** Includes fields for Organization Name, Organization Type, Country, State, City, Street Address, and Postal Address.
- Contact Information:** Includes Email Address, Phone Number, and Business Email.
- Payment Info:** Includes Beneficiary Bank Name, Beneficiary Bank Branch, Bank Code, Bank Country, Bank, Beneficiary Bank Account Number, and Beneficiary Bank Account Name.
- Owner (Developer):** Includes First Name, Middle Name, Last Name, Date of Birth, Country, State, City, Street Address, and Zip/Postal Code.

A checkbox for "Developer Agreement" is checked. A "Save Information" button is located at the bottom right of the form area. The footer contains navigation links for Products, Developer, About, Press, and Support, along with social media icons and a login button.

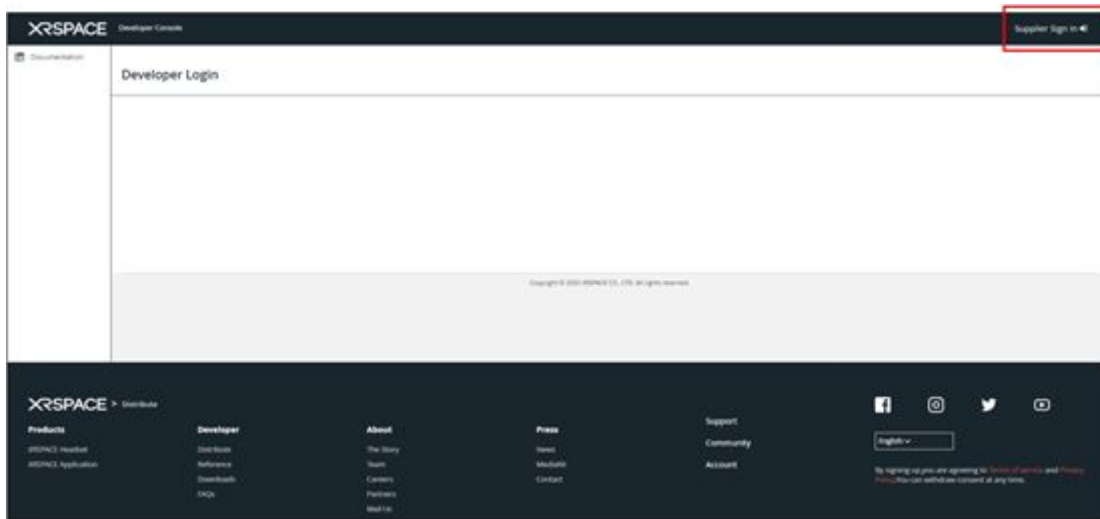

1.4 Account Review

After you **Save Information**, it will take some time for XRSPACE to review your account. Once your developer account has been approved, you will receive an approval notification via email.

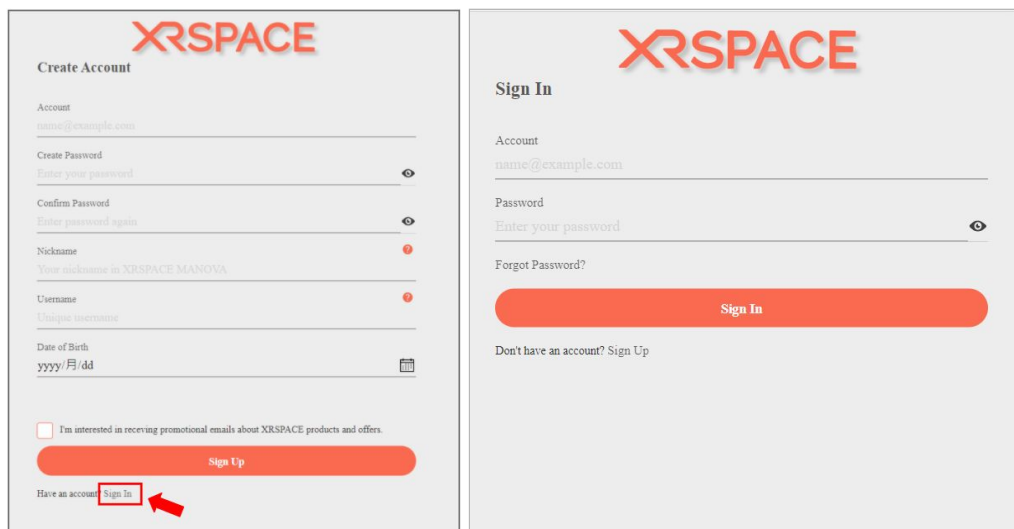

1.5 Log in

Now your registration is completed. You may log in to Developer Console.

Click on “Sign In” below, and will lead you to another page which you could enter your account and password to sign in.

2. Developer Console Introduction

If you are a verified developer, you will see your dashboard as shown below after logging in. You may maintain apps, receive system notification, and do further settings with features on the sidebar.

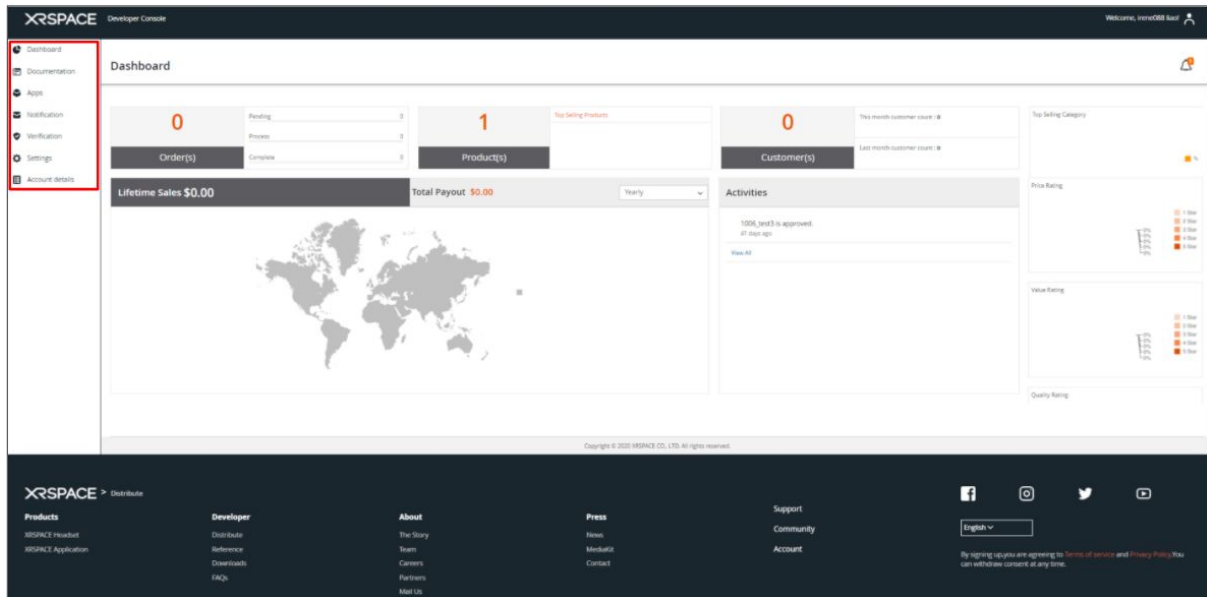

2.1 Dashboard

Click  **Dashboard** on the Developer Console sidebar.

It is the default page of the Developer Console. Charts in the dashboard show the overall business performance data of your content on the platform.

2.2 Documentation

Click  **Documentation** on the Developer Console sidebar. Submenu will help you with more options. The **Runtime SDK** page has technical documents available. You may find technical information that will help you to develop and create the contents on XRSPACE MANOVA.

2.3 Apps

The Apps menu lists two options that are used to add new Apps to the app store or maintain Apps information.

2.3.1 Add App

Click **Add App** below the Apps menu.

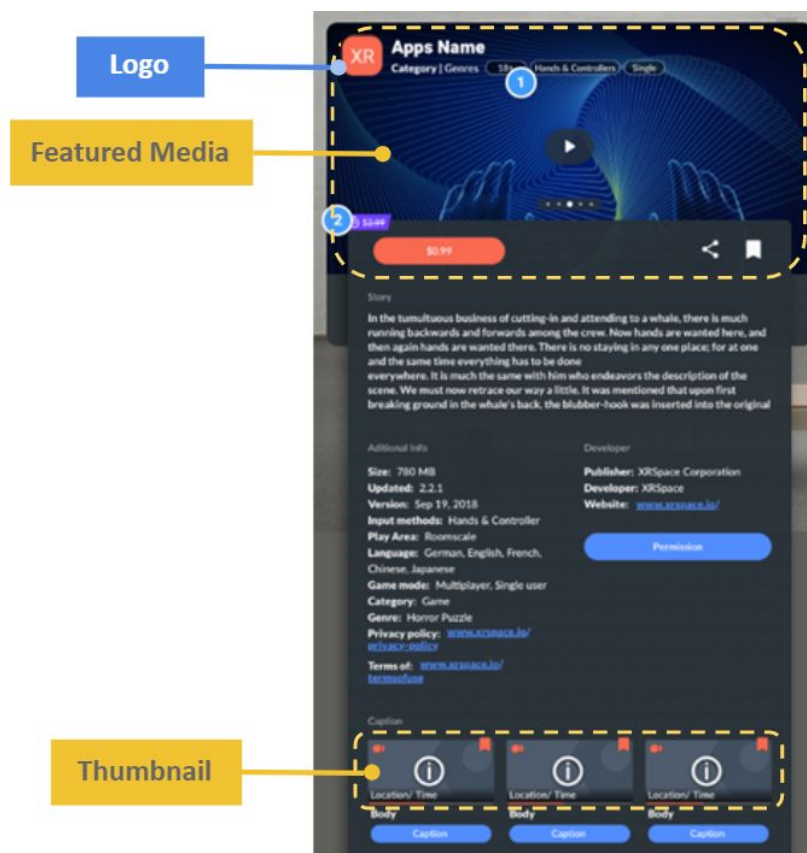

Enter app information in the fields, upload your APK file, and then tap on **Submit for approval**. You can look up the status and more details of your adding app at **My Apps List**. The status for new apps will be “Waiting for approval”.

- You can modify the content by clicking up the  mark at **My App List** when app status is “Waiting for approval”. Click on **Submit for approval** again to submit the approval after you have done. The system will save your corrections directly.
- Once your app has been approved by XRSPACE, an app approval email will be sent to you, and the status of the app will be switched to “Approved”.
- If XRSPACE has any concerns with your app, status of app will be switched to “Disapproved.” You are going to receive a product denial email with reasons why you may get denied. Please follow the instructions written in email to make an adjustment with your app, and then **Submit for approval** again.

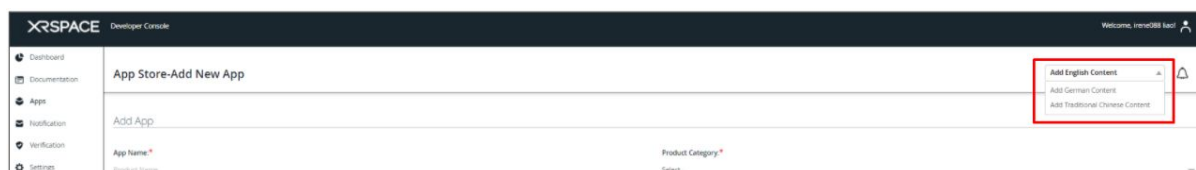

(You may review all of your app status on **My Apps List** page.)

If you want to upload a familiar app, the **Save & Duplicate** button could help with it. Click on this button to save the current app and the system will make another copy automatically, both status will be “Waiting for approval”. You will still need to upload pictures and apk files

again though the new copy has kept most of the information duplicated. You may also modify new app information accordingly.

There is a drop-down menu on the upper right corner of the page. You may add your app content in English, German, or Traditional Chinese by changing the selection of this menu. Please make sure you have saved the information by clicking on **Submit for approval** before you switch to add different language content.

Setting Price

The app information will be automatically saved in each language page with the language you first create. Only the price for each page will be shown in the price after the exchange based on the exchange rate in each country. You can set and modify the selling price of your content.

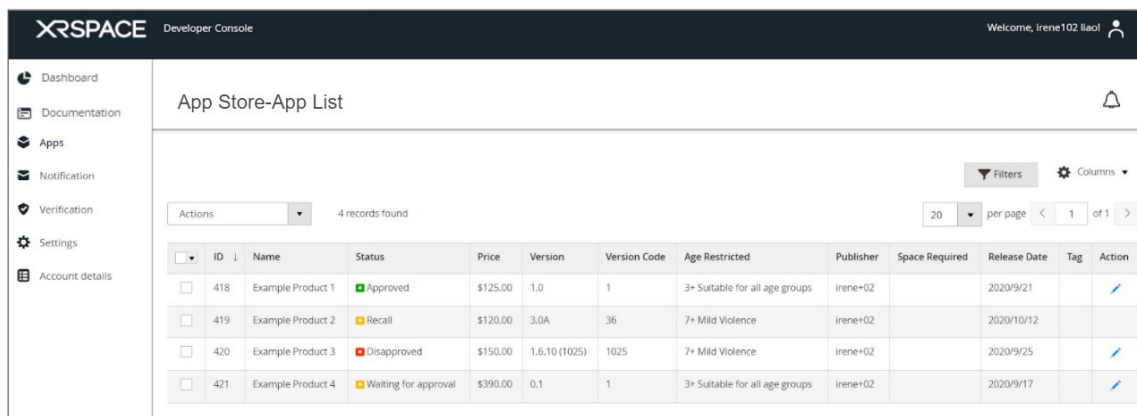

2.3.2 My Apps List

Click **My Apps List** below the Apps menu. All of your apps are listed on this page. You can look up the status and more details of your apps here.

Should you like to edit your apps, please tap on  in the **Action** field. You may adjust app contents or update APK file on the edit page. Whether you edit contents or APK file, your app status will not be changed.

Please note that if you update a APK file, the file still need to be reviewed by XRSPACE audit system.

- New version APK undergoing system check: Old version APK on the app store.
- New version APK failed the system check: Old version APK on the app store.
- New version APK passed the system check: New version APK on the app store.

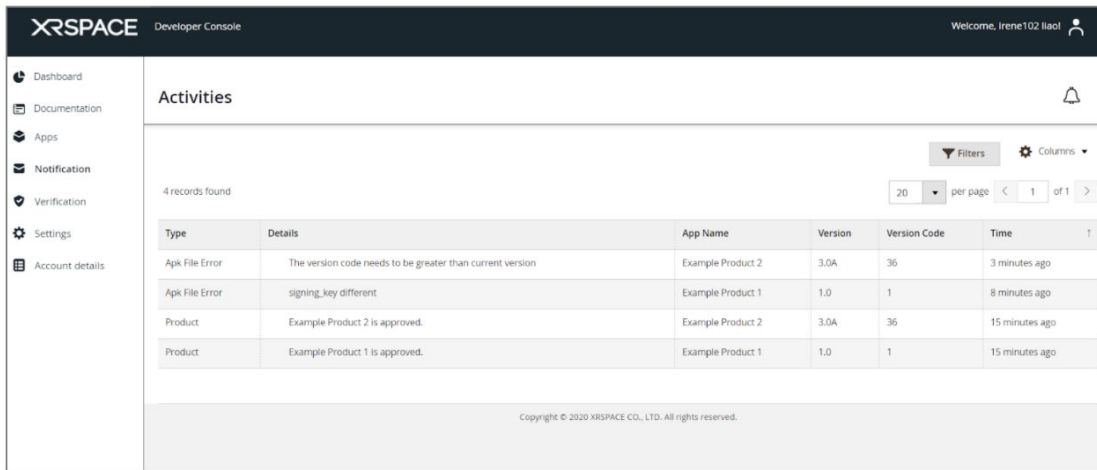

Status

Status	Description	Available in app store
Waiting for Approval	Added a new app, and submitted for XRSPACE’s approval.	No
Disapproved	Your app(s) have been rejected by XRSPACE with provided details.	No
Approved	App is approved by XRSPACE.	Yes
Recall	Apps that are not for sale. <ul style="list-style-type: none"> - In case your apps are under suspicion of legality, status of them will be changed to “Recall”. - Should you like to remove your apps from the app store, please contact us at support@xrspace.io. 	No

2.4 Notification

Click  Notification on the Developer Console sidebar.

You may find system notification history here. Most notifications are about status changes of your app or error messages about your APK files.

2.5 Verification

Click  **Verification** on the Developer Console sidebar.

You can check your account status here. If there is any problem with your account, the status which shows “Not Verified”, please contact us at support@xrspace.io.

2.6 Settings

2.6.1 Account Settings

Click **Account Settings** below the Settings menu.

The information you entered during developer account registration will be shown here. Should you like to adjust your account info, just put in updated info and then press

2.6.2 Developer and Publisher Info

Users will be able to check your app information in XRSPACE MANOVA App Store. Click **Developer and Publisher Info** below the Settings menu. Fields with red asterisk(*) marks are required. Press  when finishing data settings.

Notice: You are not able to add apps until you finish the settings of **Developer and Publisher Info**.

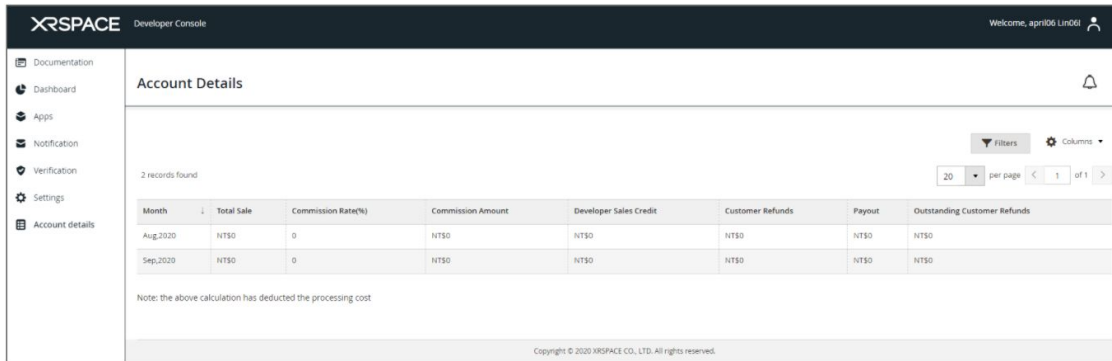

2.6.3 Change Password

Click **Change Password** below the Settings menu. The new password should be at least 8 characters including letters, numbers and special characters. Click  after you fill in the new password. When you see the message  show up on the top of the page, your password has been changed successfully.

2.7 Account Details

Click  **Account details** on the Developer Console sidebar.

You are able to check your monthly sales and revenue through the table in **Account Details**. Data will be renewed automatically when order is placed by a customer. Monthly settlement date falls on the first day of the following month. (Regardless of weekend)

Month	Total Sale	Commission Rate(%)	Commission Amount	Developer Sales Credit	Customer Refunds	Payout	Outstanding Customer Refunds
Aug,2020	NTS\$	0	NTS\$	NTS\$	NTS\$	NTS\$	NTS\$
Sep,2020	NTS\$	0	NTS\$	NTS\$	NTS\$	NTS\$	NTS\$

Note: the above calculation has deducted the processing cost

Field	Description
Month	Calendar month.
Total Sale	Sales in such calendar month.
Commission Rate(%)	XRSPACE commission rate.
Commission Amount	XRSPACE commission amount.
Developer Sales Credit	Total Sale with Commission Amount deducted.
Customer Refunds	Refund amount in such calendar month.
Payout	Total Sale with Commission Amount and Customer Refunds deducted. This is the final amount which developers will receive.
Outstanding Customer Refunds	If Developer Sales Credit less than Customer Refunds , negative parts will be recorded in this field since the minimum of Payout is 0.

Please be aware that the Commission Rate has been deducted from the sales number you see in the table.
